

Wendi Meyer

Partner + Chief Enterprise Officer

MSc, EMNL, BAC, CPCC, ORSCC

With more than 20 years of diverse business experience across multiple industries, Wendi's natural leadership abilities and multi-faceted education allow her to approach challenges from a unique perspective and add value to client engagements from the start.

As a trusted advisor, trainer and coach, Wendi has demonstrated how leaders and teams successfully navigate everyday change and complex transformation initiatives with targeted training program design, delivery and facilitation, all supported by effective communication strategies.

Wendi has worked side by side with leaders at all levels, from Fortune 100 companies to government agencies and non-profit organizations, developing and implementing change strategies during mergers, acquisitions, corporate restructuring and business process change.

Wendi has taught at both the corporate and university level and is an internationally certified professional coach. She is inherently curious, intuitive and insightful in her work as a change strategist and speaker, leadership trainer and executive coach, and is passionate about helping leaders, teams and organizations create work environments where high performance and success are everyday occurrences.

Wendi holds a Master of Science in the Neuroscience of Leadership from Middlesex University in the UK, specializing in examining how well organizational culture provides what brains need for high performance, and the contribution leaders make to culture.
